

ITCT and METC 2010 Attachment O Rate Presentation Question - MPSC

MPSC-1: Was the increase from 2009 to 2010 in ITC's and METC's capital expenditures similar to those made in previous years; i.e. are the expenditures for each company increasing, decreasing, or fairly flat compared to spending levels in recent years?

ITCTransmission & METC Historic Capital Projections

(\$'s in Millions)

Projected Capital Additions to Rate Base	2007	2008	2009	2010
ITC <i>Transmission</i> ¹	\$147	\$118	\$90	\$78
METC ²	NA	\$64	\$90	\$127

Notes:

1 At ITC Transmission the trend is projected capital additions to rate base from 2007 through 2010 are declining.

2 At METC for the projected period of 2008 through 2010 projected capital additions to rate base are increasing.
